

Experts say that the Coronavirus can survive on door handles for up to nine days!¹

Foot Handle

Hygienic adaptation to your current door enables door opening with your foot, preventing transfer of germs on the handle.

- Open a pull door with your foot
- Patented with an integrated kick guard to protect the door or as a basic version (shown)
- Available in black or powder coated in Coral
- Simple DIY fitting

Pull Door Solutions

Foot Handle

- Pull door
- Foot operation
